ADVENT CALENDAR

How Bridge Builders Stopped the Grinch from Stealing Christmas

Every Who down in Greenfields liked Christmas a lot,
But the Grinch, up in Whoville, most certainly did not!
He scowled at the laughter, the joy and the cheer,
And muttered, "They'll have none of that nonsense this year!"

But Bridge Builders said, "Not on our watch, old mate!
We'll spread Christmas kindness, it's never too late!"
So, they dreamed up a plan that was clever and grand,
A Reverse Advent Calendar to lend a helping hand!

Each day for 24, add a gift to your box,
Some pudding or biscuits, or festive food stocks.
With pasta or cans, add a treat or two more,
To bring Christmas joy to each home's front door.

You can fill it alone, or with friends by your side,
At work, school or church, spread that Christmas pride!

Then decorate your box in bright festive flair,
With tinsel and sparkle and love to spare!
When it's brimming with kindness and wrapped up with glee,
Drop it off at a registered collection point, easy as can be.

By 12th December, please bring it our way,
So, Christmas can sparkle for others that day.
Your giving brings joy, your kindness stands tall,
And make hearts grow bigger, maybe yours most of all.
